Response filed January 29, 2007

## AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application. Where claims have been amended, deletions are indicated by brackets [], and additions are indicated by <u>underlining</u>:

## In the claims:

- 1.-7. (Canceled).
- 8. (Currently Amended): Apparatus for mapping out endoluminal gastrointestinal surgery, the apparatus comprising:

an endoluminal support configured for endoluminal placement within a gastrointestinal lumen;

a suction port configured to approximate an interior of the gastrointestinal lumen and the endoluminal support; and

a radiofrequency element on the support for marking the gastrointestinal lumen.

- 9. (Canceled).
- 10. (Currently Amended): The apparatus of claim <u>8</u> [9], wherein the <u>suction</u> <u>port</u> [approximation element] is disposed on the endoluminal support.
- 11. (Original): The apparatus of claim 8, wherein the radiofrequency element comprises at least one electrode, the at least one electrode disposed on a surface of the endoluminal support and coupleable to a radiofrequency generator.
- 12. (Currently Amended): The apparatus of claim 8 [9], <u>further comprising</u> [wherein the approximation element comprises an element chosen from the group consisting of suction ports,] <u>an</u> inflation element[s] <u>configured to approximate an interior of the gastrointestinal lumen and the endoluminal support</u> [and combinations thereof].

Application No.: 10/797,910 Attorney Docket No.: USGINZ00600 Response filed January 29, 2007

13.-24. (Canceled).

25. (Currently Amended): A method for mapping out endoluminal gastric reduction, the method comprising:

advancing a radiofrequency endoluminal support into a patient's stomach;

applying suction to approximate the interior of the stomach and the endoluminal support; and

exposing an interior of the stomach to radiofrequency energy from the support at at least one specified location, wherein said exposure creates a visible marking.

- 26. (Canceled).
- 27. (Original): The method of claim 25, wherein exposing the interior to radiofrequency energy comprises locally burning a mucosa layer of the interior of the stomach.
  - 28.-31. (Canceled).
